

Do you want to minimise the spread of bacteria in your kitchen?

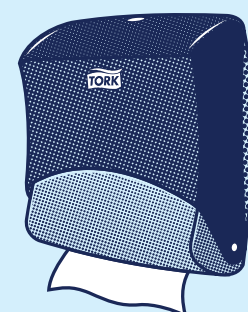

A durable and disposable tea towel alternative

Key benefits

-  Highly absorbent, cotton based cloth
-  Heat resistant up to 250°C
-  Food contact approved for wiping
-  100% biodegradable

Tork Folded Cloth Dispenser

Good food hygiene practices are key in catering environments to reduce the risk of cross contamination. Let us help you make your hygiene routine easier, so you can concentrate on entertaining your guests.

Refills

A disposable alternative to the traditional tea towel, the strong and durable Tork Kitchen Cleaning Cloth can be used for a service then simply thrown away. Eliminating associated laundering costs, and disposing of any bacteria that may have built up during use.

For Wiping

*ISO standard 846D, **testing of plastic materials, determination and evaluation of the effect of fungi and bacteria on polymeric materials*

** External testing to EN 407:2004 standards

Dispensers

Tork Folded Cloth Dispenser
